## LADIES AUXILIARY TO THE VETERANS OF FOREIGN WARS

### HOSPITAL PROGRAM GUIDE

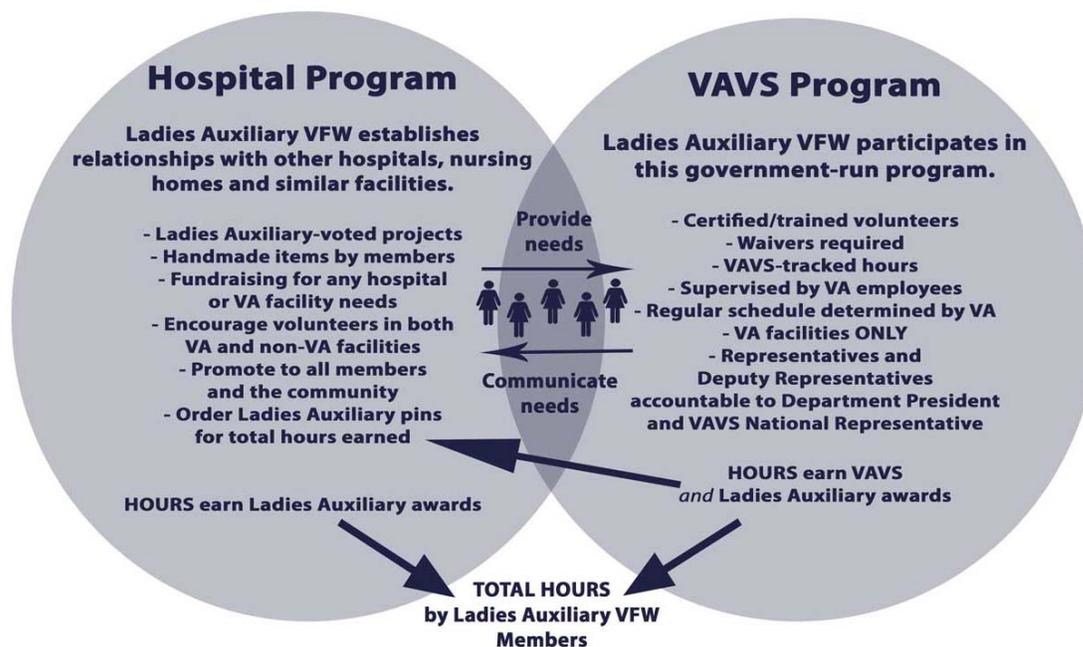

Members of the Ladies Auxiliary to the Veterans of Foreign Wars have been volunteering in hospitals nationwide since World War I. They rolled bandages, served meals and assisted in any way possible. Today, they continue to do that and more in hospitals, nursing homes, hospice programs, veterans' homes and other similar facilities.

#### **VAVS vs. Hospital What's the difference?**

This guide serves to assist Department Presidents, Department Chairmen and Auxiliary Chairmen in understanding the scope and responsibilities of the Hospital Program. This guide will not address the organization's participation in the Veterans Health Administration's Veterans Affairs Voluntary Service (VAVS) program.

The Ladies Auxiliary VFW participates in the government-run program Veterans Affairs Voluntary Service. Along with the VFW, the Ladies Auxiliary is a charter member of this VHA program, which began in 1946. Members who choose to become a part of the VAVS Program should refer to the *VHA Handbook* and the *Ladies Auxiliary VFW VAVS Participation Guide*.

The Hospital Program encompasses volunteering, fundraising and Auxiliary-voted projects that are not a part of the VAVS program. Though some of these volunteers, funds and projects may involve VA Medical Centers, facilities or patients, these activities are not appointed by or tracked within the VAVS system.

## HOSPITAL VOLUNTEERS

Any member in good standing can volunteer at a facility in the name of the Ladies Auxiliary VFW if she has been approved by her Ladies Auxiliary to do so. Members can volunteer alone or with a group of members and non-members.

**Sponsored Volunteers:** Non-members to the VFW/Ladies Auxiliary VFW who wish to serve under the Ladies Auxiliary VFW sponsorship and supervision as volunteers at non-VA facilities. They must be interviewed and screened in the same manner as Ladies Auxiliary VFW members. Upon acceptance, sponsored volunteers are governed by the same ethics and rules prescribed for members. Sponsored volunteers are not eligible for Ladies Auxiliary VFW Hospital service pins, but shall receive recognition upon completion of 100 hours of service Sponsored Hospital Pin. Local recognition should also be given to sponsored volunteers.

## QUALIFICATIONS, ASSIGNMENTS AND ORIENTATION

A volunteer must:

- **Have a willingness to accept hospital standards and orientation, conduct and supervision.**
- **Cleanliness and neatness in appearance.**
- **Physically be able to perform assigned tasks.**
- **Sense of responsibility, dependability and stability on the job.**
- **Friendly, business-like approach to volunteer work, with honest sentiment and not sentimentality, maintaining the veteran's dignity and pride.**

All assignments of volunteers will vary greatly depending on the needs of the facility and the program that the facility has developed. Supervisors try to place volunteers in situations which permit them to make the best use of their vocational, hobby skills, interests and physical capabilities.

Every facility will have its own set of qualifications and rules that members should fully understand and comply with.

## WORKING WITH FACILITIES

Many hospitals, medical buildings, nursing homes, hospice programs and veterans' homes have volunteer programs in place. Members should do their best to adhere to the guidelines given to them.

Before hosting an event at or with a facility, the Ladies Auxiliary Hospital Chairman, should get permission from that facility. Be sure to ask what is and is not allowed for the patients. There are some facilities that do not allow home-baked goods due to dietary restrictions. The best thing to do is to ask that facility's volunteer coordinator what they need.

### *Special note on privacy:*

Confidentiality of all information the volunteer may hear, read or see is extremely important; a volunteer must never discuss any confidential information. A volunteer must remember that she/he is in a medical atmosphere where sensitive and personal medical information is transmitted constantly. In accordance with the HIPAA (Health Insurance Portability and Accountability Act of 1996), a volunteer must comply with the total protection of a patient's medical privacy.

All projects done by a Ladies Auxiliary should be voted on at a regular meeting and recorded in the minutes. Documentation should be kept on funds expended, the number of volunteers and the hours volunteered.

## **HOSPITAL VOLUNTEER ATTIRE**

A facility may already have a mandated “official color/uniform”. It is the responsibility of the volunteer to be clean and neat, wearing comfortable shoes is suggested. We do recommend that every Ladies Auxiliary VFW Volunteer wear the “Ladies Auxiliary VFW Volunteer” patch which can be purchased through the VFW Store, [www.vfwstore.org](http://www.vfwstore.org) . This patch may be worn on a garment or on your lanyard. Each facility will require identification provided by that facility and must be worn at all times during volunteer hours.

## **RECRUITING VOLUNTEERS**

**All members shall help in recruiting new volunteers. Successful recruiting is an art in itself.**

### **Tips for recruiting:**

- Know the hospital program and be able to answer information regarding the Ladies Auxiliary VFW.
- Know your facility. Make certain that any information you give regarding your facility is accurate.
- Be prepared to describe various assignments and what is expected. Explain that volunteers are trained and supervised by facility personnel.
- Ladies Auxiliary meetings at all levels and activities beyond our organization should seek out new areas for volunteer recruitment.
- Create incentives that will attract and interest different generational groups.
- Work with the facility to create incentives for volunteers.
- Publicity release about an outstanding volunteer or an interesting hospital/facility project can aid in getting that public attention which can promote recruitment.
- A good reason to volunteer is to gain work experience, learn new skills, meet new people and most importantly to give something back.

## **DEPARTMENT HOSPITAL PROGRAM**

Department Officers should meet at the beginning of the year to discuss and formulate plans for the Hospital Program and prepare an estimated budget to be presented to the Department Treasurer for her use in preparing the tentative budget. Financial needs should be discussed with the Hospital/Facility Representatives or VAVS Representative, and their views should be brought to the budget meeting by the Department Hospital Chairman. Funds raised and distributed for the Department's Hospital Fund are reported under the Hospital Program.

Because a Department's largest and most active Ladies Auxiliaries may not be located near the hospital that cares for the largest number of patients, the funding of a hospital's program should not be the sole responsibility of the nearest Ladies Auxiliaries. The cost of all Ladies Auxiliary VFW hospital work within a Ladies Auxiliary should be shared by the entire Department. In drawing up the budget, consideration should be given to pro-rata distribution of funds based on the needs of individual facilities.

All Ladies Auxiliaries should donate to the Department Hospital Fund to assure continued strong support for this important program. Money donated for hospital work and all funds raised for hospital work should be earmarked "Hospital Projects." Ladies Auxiliaries should not make checks payable directly to VAVS and/or Hospital Representatives or Medical Facilities.

## **DEPARTMENT PRESIDENT**

The Department President must give the hospital program her continuing support, encouragement and interest. She shall promote the hospital program by discussing it during her visits to Districts and/or Ladies Auxiliaries, if applicable. Her duties and responsibilities include encouraging volunteerism in all hospitals and facilities and making sure VAVS Representatives are communicating the needs of the VA facilities to the Department Hospital Chairman and local Ladies Auxiliaries.

## **DEPARTMENT HOSPITAL CHAIRMAN**

**The Department Hospital Chairman is appointed by the Department President and is responsible for coordinating all Ladies Auxiliary VFW hospital work. Her duties and responsibilities are to:**

- See that resources of money and volunteer hours are well spent in service to hospital patients.
- Keep the Ladies Auxiliaries within her Department informed by sending promotional bulletins, with copies of the bulletins to be sent to the National Hospital Director.
- Make sure the Department and local Ladies Auxiliaries are providing for the needs of VA facilities by communicating with the VAVS Representatives.
- See that all important information provided by the National Organization Ladies Auxiliary VFW is forwarded to the VAVS Representatives, Hospital Representatives, and local Auxiliary Hospital Chairmen.

## **NATIONAL HOSPITAL DIRECTOR**

**The National Hospital Director is appointed by the National President. It is her duty to promote and guide the Hospital Program, giving her support to every Department Hospital Chairman. She will offer her ideas and encouragement to further the success of the Hospital Program. Her duties and responsibilities are:**

- Send out promotional material, as directed by National Headquarters.
- Notify any Department President should her Department Hospital Chairman not be performing her duties by not submitting a copy of her promotional material to the National Hospital Director in a timely manner.
- Communicate with the Ladies Auxiliary VFW National VAVS Representative (an Employee at National Headquarters). The National Headquarters Employee will also serve as the certifying official for all VAVS Representatives, Deputies, and Associate Representatives at VA Medical Centers.
- Informing the Department Hospital Chairman of requirements for year-end reporting.

## **NATIONAL PROGRAM CHAIRMEN**

**The National Program Chairmen are appointed by the National President. One Chairman will be appointed from each Conference. Her responsibilities are:**

- To send out promotional material as directed by National Headquarters. This material should contain new ideas and helpful hints to further the success of the Hospital Program.
- The material sent out should not duplicate the material used in the communications of the National Hospital Director.

## **FACILITY REPRESENTATIVE (MILITARY HOSPITAL/VETERANS' NURSING HOMES)**

The Facility Representative serves in much the same capacity as the VAVS Representative, except that her duties are performed at non-VA facilities such as military hospitals and veterans' nursing homes. She is appointed by the Department President for an indefinite period. Her duties are:

- Recruit, interview and screen new volunteers before recommending them to the facility.
- Report to the Department the needs (monetary and material items) for that particular facility.
- Keep a permanent record of each volunteer's hours. This is necessary for award purposes.

- Keep the Department Hospital Chairman informed of volunteer needs.
- Serve as liaison between the Ladies Auxiliary and the non-VA facilities.
- Encourage and assist our organization to plan special events at the facility.
- Must follow the rules and regulations as set by that facility and adhere to the rules in the “Qualifications, Assignments and Orientation” section of the Hospital Handbook.

Follow up on volunteers who have become inactive, find out why they are not serving and attempt to rectify the problem so they will return to volunteering.

## **AUXILIARY HOSPITAL CHAIRMAN**

**The Auxiliary Hospital Chairman is appointed by the Auxiliary President. Her duties and responsibilities are to:**

- Assure support for the Hospital Program by communicating to Ladies Auxiliary members the importance of hospital work.
- Recruit hospital volunteers.
- Raise funds for hospital work.
- Report to members needed items for the hospital and work with members in making those items.
- Plan activities/projects for VA and non-VA facilities to be approved by the Ladies Auxiliary.
- Work closely with the VAVS Representative or other facility Representative and report any pertinent information to them.
- Work closely with any non-VA facility and report any pertinent information to your Ladies Auxiliary.
- Order service pins for ALL Ladies Auxiliary VFW volunteers in both VA and non-VA facilities, found on the Ladies Auxiliary VFW website, [www.ladiesauxvfw.org](http://www.ladiesauxvfw.org) or by contacting Ladies Auxiliary VFW National Headquarters.
- Request the number of members working and the number of hours worked from the VAVS Representative in order to complete an annual report to reflect information required on the Department Report Form.
- Request the number of members and hours worked from the Supervisor of Volunteers at non-VA medical facilities.

## **REPORTING HOSPITAL WORK – AUXILIARY CHAIRMAN**

**Ladies Auxiliary Hospital Chairman may be required to complete the hospital report forms as directed by the Department Hospital Chairman.**

- 1) **VA MEDICAL CENTERS:** The local Ladies Auxiliary Hospital Chairman should obtain from the VAVS Representative the information concerning the number of members from her Ladies Auxiliary who volunteer at the VA Medical Center and the total number of hours volunteered. This information may be used for reporting purposes.

Credit for members volunteering at a VA Medical Center located in another state shall be given to the Ladies Auxiliary and Department where the volunteer holds membership.

- 2) **NON-VA FACILITIES:** The local Ladies Auxiliary Hospital Chairman should obtain from the Hospital Representative the information concerning the number of members from her Ladies Auxiliary who volunteer at local non-VA facilities and the total number of hours volunteered. This information may be used for reporting purposes.

**AN INDIVIDUAL WHO VOLUNTEERS IS  
COUNTED AS ONE VOLUNTEER FOR REPORTING  
PURPOSES, NO MATTER HOW MANY TIMES SHE VOLUNTEERS.**

**Members preparing items for a facility party, making lap robes or other items for hospital and patient use, should report their hours and cost of materials used to the Ladies Auxiliary Hospital Chairman for reporting purposes.**

**EXAMPLE:** If four (4) ladies work four (4) hours each making lap robes, the Auxiliary may claim credit for 16 hours spent in preparation of items for hospital and patient use. These hours are not counted toward the National Ladies Auxiliary hospital pins.

## HOSPITAL SERVICE PINS AND RECOGNITION AWARDS

**Q: Who orders Ladies Auxiliary hospital service pins?**

**A: The local Ladies Auxiliary Hospital Chairman orders pins for ALL members.**

## LADIES AUXILIARY TO THE VETERANS OF FOREIGN WARS

# VAVS Participation Guide

The Veterans Affairs Voluntary Service (VAVS) operates one of the largest volunteer programs in the Federal Government, supplementing staff and resources in all areas of patient care and support. The Ladies Auxiliary VFW has been a part of this program since its inception in 1946. The mission of the VAVS is to provide a structured volunteer program under the management of the Department of Veterans Affairs (VA) compensated employees in cooperation with community resources to serve veterans and their families with dignity and compassion.

The members of the Ladies Auxiliary VFW have been providing that extra encouragement, love and spirit to our veterans, often being their only contact with the world beyond the wall of the facility. The supplemental services provided by our Ladies Auxiliary Volunteers have made a difference in a patient's response to treatment and contributed substantially to the welfare of the patients and their families. Our Ladies Auxiliary Volunteers provide their services to VA, non-VA hospitals, nursing and convalescent homes, outpatient clinics, home-based respite programs, end-of-life programs, outreach centers and satellite facilities where veterans and/or their dependents are patients or residents.

The Ladies Auxiliary VFW also provides monetary contributions which assist in providing support services, activities and comfort essentials that may not be fiscal priorities of the VA. It is almost impossible to calculate the amount of caring and sharing our volunteers have given to the veterans and their families.

Our need for volunteers has accelerated. There are more veterans being served in the VA system than ever before. This makes recruiting an increasingly vital part of the VAVS Program. We have an increasing number of aging veterans, younger veterans and female veterans utilizing the VA Medical Centers. To provide these veterans with the quality of care, dignity and compassion that they are so deserving of, we need to focus on recruitment. If the Ladies Auxiliary VFW vision of continued excellence in the future is to be a reality, recruitment effort must be tripled.

## **Types of Volunteers**

**Regularly Scheduled (RS) Volunteers:** RS volunteers are individuals who participate in the VAVS Program on a regularly scheduled assignment under VA supervision. Frequency of participation is determined by the local VA facility. RS volunteers are officially authorized to serve when the RS volunteer has:

- (1) Signed the “Wavier of Claims to Remuneration and Appointment Agreement,” as contained in VA Form 10-7055.
- (2) Been approved for assignment by the Voluntary Service Program Manager designee.
- (3) Participated in required screenings, interviews, orientations and training prescribed by the VA facility.
- (4) Completed a trial period as established by the VA facility.

**Occasional Volunteers:** Occasional volunteers are those individuals serving under the VAVS Program who do not meet the requirements of RS volunteers. Individuals frequently volunteer with a group or organization on an occasional basis.

**Student Volunteers:** Student volunteers are under the age of 18 and must have written parental or guardian approval to participate in the VAVS Program. They must also have written authorization for diagnostic and emergency treatment if injured while volunteering. The minimum age for volunteers is determined by the facility management.

**Sponsored Volunteers** Non-members to the VFW/Ladies Auxiliary VFW who wish to serve under the Ladies Auxiliary VFW sponsorship and supervision as volunteers at VA and non-VA facilities or in VA community-based programs. They must be interviewed and screened in the same manner as Ladies Auxiliary VFW members. Upon acceptance, sponsored volunteers are governed by the same ethics and rules prescribed for members.

**The appointed Representative of the organization should ensure the recording of the number of hours devoted to hospital service by sponsored volunteers working under the Ladies Auxiliary VFW. These volunteers are eligible for VA and other hospital awards. In addition, Representatives should find ways of showing the gratitude to sponsored volunteers who perform outstanding service. Sponsored volunteers are not eligible for Ladies Auxiliary VFW Hospital service pins, but shall receive recognition upon completion of 100 hours of service. Local recognition should also be given to sponsored volunteers.**

## **QUALIFICATIONS, ASSIGNMENTS AND ORIENTATION**

**A volunteer must:**

- **Have a willingness to accept hospital standards and orientation, conduct and supervision.**
- **Cleanliness and neatness in appearance.**
- **Physically be able to perform assigned tasks.**
- **Sense of responsibility, dependability and stability on the job.**
- **Friendly, business-like approach to volunteer work, with honest sentiment and not sentimentality, maintaining the veteran’s dignity and pride.**

## What does a volunteer do?

All assignments of volunteers will vary greatly depending on the needs of the facility and the program that the Supervisor of Voluntary Services has developed. Supervisors of Voluntary Services try to place volunteers in situations which permit them to make the best use of their vocational, hobby skills, interests and physical capabilities.

An accepted volunteer will be required to complete orientation, which will vary by facility. Each volunteer will be entered into the Voluntary Service System (VSS), this is the volunteers' permanent record of information, which is used to maintain hours recorded. Information will be given concerning liability coverage, assignments, policies and procedures regarding infection control, fire and safety.

A volunteer is never to discuss veterans' benefits eligibility information with a patient. Veterans' benefits counseling is not a VAVS assignment.

### *Special note on privacy:*

Confidentiality of all information the volunteer may hear, read or see is extremely important; a volunteer must never discuss any confidential information. A volunteer must remember that she/he is in a medical atmosphere where sensitive and personal medical information is transmitted constantly. In accordance with the HIPAA (Health Insurance Portability and Accountability Act of 1996), a volunteer must comply with the total protection of a patient's medical privacy.

## Traditional and Non-traditional Volunteer Assignments

The VA Medical Center is constantly changing, providing expanded medical care to a changing type of veteran. Female veterans are being cared for more than ever in the VA Medical Centers; younger veterans with new and varied problems are being treated. Along with the changing VA Medical Center come new opportunities for our volunteers, both traditional and non-traditional.

**Traditional assignments:** Patient escort, volunteer driver (parking lot shuttles), clerical positions, information desk, guest relations, patient meal assistance and many more of the positions that have been open for our volunteers for years.

**Non-traditional assignments:** Writers (newsletters, recruitment ads), respite/hospice volunteers, female-specific clinics that require the female volunteer assistance. Some of the newer opportunities include volunteering in outpatient clinics, rehabilitation and treatment centers and virtual volunteering with homebound veterans.

### HOSPITAL VOLUNTEER ATTIRE

**A facility may already have a mandated "official color/uniform." It is the responsibility of the volunteer to be clean and neat, wearing comfortable shoes is suggested. We do recommend that every Ladies Auxiliary VFW Volunteer wear the "Ladies Auxiliary VFW Volunteer" patch which can be purchased through the VFW Store, [www.vfwstore.org](http://www.vfwstore.org) . This patch may be worn on a garment or on your lanyard. Each facility will require identification provided by that facility and must be worn at all times during volunteer hours.**

## **Recruiting Volunteers**

**All members shall help in recruiting new volunteers, but the responsibility rests with the VAVS or facility Representatives. Successful recruiting is an art in itself.**

### **Some tips for recruiting:**

- Know the VAVS and be able to answer information regarding the Ladies Auxiliary VFW.
- Know your facility. Make certain that any information you give regarding your facility is accurate.
- Be prepared to describe various assignments and what is expected. Explain that volunteers are trained and supervised by facility personnel.
- Ladies Auxiliary meetings at all levels and activities beyond our organization should seek out new areas for volunteer recruitment.
- Create incentives that will attract and interest different generational groups.
- With the help of the facility and the Voluntary Service Office develop new and diverse assignments.
- Publicity release about an outstanding volunteer or an interesting hospital/facility project can aid in getting that public attention which can promote recruitment. In any public release always provide the name of a local person and contact information, such as the Supervisor of Voluntary Services, Facility Representative or Deputy Representative.
- A good reason to volunteer is to gain work experience, learn new skills, meet new people and, most importantly, to give something back.

## **Termination of Regularly Scheduled Volunteers**

The Voluntary Service Program Manager may remove a VAVS volunteer for unsatisfactory performance, inability to perform the assignment, or a violation of established policy or procedures. Detailed documentation must be demonstrated and sufficient cause shown.

When termination of a volunteer is warranted, written notification of termination must be sent to the volunteer and to the Ladies Auxiliary VFW VAVS Representative. If the volunteer to be terminated is the VAVS Representative, written notification of termination must also be sent to the Ladies Auxiliary VFW National VAVS Representative and National Certifying Official of the Ladies Auxiliary VFW.

## **Reporting VAVS Volunteer Hours**

The VAVS volunteer system has its own tracking system for hours. The local Ladies Auxiliary Hospital Chairman should obtain from the VAVS Representative the information concerning the number of members from her Ladies Auxiliary who volunteer at the VA Medical Center and the total number of hours volunteered. This information is forwarded to the Department Hospital Chairman, who reports TOTAL volunteer hours (both VA and non-VA) to her Department President for year-end reporting.

The local Hospital Chairman also orders Ladies Auxiliary VFW hospital pins for both VA and non-VA volunteers. A member who does both VA and non-VA volunteering may combine her hours for Ladies Auxiliary hospital pins. See Page 16 for more details on pins and awards available.

Credit for members volunteering at a VA Medical Center located in another state shall be given to the Auxiliary and Department where the volunteer holds membership.

**AN INDIVIDUAL WHO IS A VOLUNTEER IS  
COUNTED AS ONE VOLUNTEER FOR REPORTING  
PURPOSES, NO MATTER HOW MANY TIMES SHE VOLUNTEERS.**

## Department President's Role

The Department President must give her attention to the VAVS program in her state. As a charter member of the VAVS system, it is important for the Ladies Auxiliary VFW to maintain its high reputation with this government program by continuing the excellent relationship enjoyed in VA Medical Centers across the country.

### Her duties and responsibilities are to:

- Choose each VAVS Representative, Deputy, Associate Representative and Representatives to other hospitals, where applicable, with great care. She shall seek effective, enthusiastic women who work well with people, are capable of enlisting the help of others, and can organize that help to the best advantage. When a Representative, Deputy Representative or Associate Representative is to be named, the Department President may consult with the officers of local Auxiliaries near the hospital for recommendations.
- Submit to the Ladies Auxiliary VFW National Headquarters her recommendations for certification of all VAVS Representatives, Deputies and Associate Representatives for the ensuing year on forms furnished for that purpose.
- It is the duty of the Department President when, in the best interest of the program, to inform, in writing, (with certified return receipt), the VAVS Representative, Deputy Representative, or Associate Representative, in detail, her failure to perform her duties. Seven (7) days (from date of postmark) shall be allowed for the Representative to respond to the notice before being removed.
  - a. Should it be necessary for dismissal the Representative will be notified in writing (with certified receipt requested) indicating the official date of her removal.
  - b. A letter of recommendation including the name, address, telephone number, Auxiliary number, member ID#, and e-mail address of the new Representative shall be submitted to National Headquarters for certification.
  - c. Copies of all correspondence should be sent to the Veterans Affairs Medical Center, Department Hospital Chairman, National Hospital Director and Ladies Auxiliary VFW National Headquarters.
- To recommend an Honorary VAVS Representative, send a letter of recommendation to the Ladies Auxiliary VFW National Headquarters Certifying Official who will issue a special certificate of merit to be presented to her. For more information Honorary Representatives, see Page 14.
- Maintain her interest in the work of each Representative, and visit each VA hospital in her state where there is a Department Representative.

Representatives and  
Deputy Representatives  
must be **Regularly  
Scheduled Volunteers** in  
order to accept the  
appointment.

***NOTE: Local Representatives and Deputy Representatives may represent more than one local VAVS committee if the facility director believes accepting the appointment is in the best interest of the facility.***

## **National VAVS Representative & Certifying Official**

**An employee of the Ladies Auxiliary VFW National Headquarters serves as the National VAVS Representative at the VAVS National Advisory Committee (NAC) annual meeting. She is the representing voting member of the NAC Executive Committee.**

**This same employee will be the certifying official for the VAVS Representatives, Deputies and Associate Representatives at the VA Medical Centers. These recommendations will be made by the Department President. The National Headquarters office shall send official certification to the VA Medical Centers. Copies are sent to the Department President, Department Secretary, Department Hospital Chairman, Representative, Deputy or Associate Representative.**

### **National VAVS Representative's Duties:**

- Review the minutes of VAVS Advisory Committee meetings held at each VA Medical Center. She will contact the Department President when representation on Advisory Committee is in jeopardy due to poor attendance at meetings.
- Review Annual Joint Reviews (AJR) and acknowledge receipt of AJR to local VAVS Representative.
- Keep the VAVS National Advisory Committee informed of policy and personnel changes within the Ladies Auxiliary VFW.
- Monitor all policy and personnel changes within the VA System that may affect the Hospital Program.
- Provide guidance and information to local Representatives and Deputies.
- Communicate with the National Hospital Director.

## **VAVS National Advisory Committee**

The VAVS National Advisory Committee is composed of National Representatives and Deputy Representatives of Veterans Service and Welfare Organizations and Representatives of the Department of Veterans Affairs. This committee meets annually to discuss matters of mutual interest and to consider recommendations to improve the nationwide volunteer hospital program. Sub-committees, composed of members of the National Committee, work during the year to bring forward new ideas for consideration at the annual meeting. The Ladies Auxiliary VFW has been a member of the VAVS National Committee since its inception in 1946.

## **Awards Sponsored by the National Advisory Committee**

### **The National Advisory Committee (NAC) Volunteer of the Year**

is awarded annually to recognize one male and one female who have given extraordinary service at a VA Medical Center where he/she serves as a regularly scheduled volunteer. Entry forms and guidelines are available from National Headquarters.

### **The James H. Parke Memorial Youth Scholarship**

Is awarded annually by the VAVS National Advisory Committee to an outstanding student volunteer and could be an excellent incentive or recruiting tool for youth. Information and material may be obtained from the Supervisor of Voluntary Service.

## **Types of Representatives**

### **VAVS Representatives, Deputies, Associate and Honorary Representatives**

Every VA Medical Facility has a Veterans Affairs Voluntary Service (VAVS) Program. As a charter member of this program, the Ladies Auxiliary VFW has Representatives at every VA Medical Center in the country. They assist in providing a structured Volunteer Program under the management of VA compensated employees in cooperation with community resources.

**In order to be a VAVS Representative, Deputy Representative or Associate Representative, you must be a Regularly Scheduled Volunteer.**

### **VAVS Representatives**

**One VAVS Representative for each VA Medical Center is appointed by the Department President each year. The VAVS Representative for the Ladies Auxiliary VFW holds the most prestigious volunteer position representing our organization in that VA Medical Center. A VAVS Representative or Deputy may only be certified to represent one organization at a VA Medical Center.**

#### **The VAVS Representative's duties and responsibilities are:**

- Contact the VAVS Chief of Voluntary Services or designate upon receiving your certification.
- Make certain that your orientation and information in the VSS (Voluntary Service System) is up-to-date and accurate.
- Assist with improving the VAVS Program.
- Develop goals each year for a successful Ladies Auxiliary VFW Program within that VA Medical Center.
